

NOTICE TO MARINERS

Cable Route Survey

Date of Issue: 28th June 2024 (Rev. 0)

Mariners are advised that EGS International Ltd (EGS) will be undertaking, on behalf of Alcatel Submarine Networks (ASN), geophysical and geotechnical survey operations along the proposed route of a telecom cable crossing Scottish Waters in the North Sea and Northern Atlantic Ocean.

Marine operations will be running from around the **12th July 2024**, with the completion of the work expected in late **September 2024** (weather dependant).

The survey works will be carried out within a 500m corridor centred on the route shown in the map and detailed in the table below.

Operations will be carried out by the vessel **EGS Ventus** (IMO 7506237; Call Sign V7II9) and **Geo Resolution** (IMO 8835243; Call Sign V7IE2).

EGS Ventus

Geo Resolution

Please, be advised that during the survey operations the vessels will be either towing or have equipment deployed to the seabed restricting their ability to manoeuvre. Other vessels are requested to maintain an appropriate and safe distance of **at least 500m**.

During operations the vessels will display the appropriate day shapes/signals and lights as required by the IRPCS. A continuous listening watch will be maintained on VHF Channel 16 and DSC.

Any general enquiries regarding this notice should be direct to:

EGS Project Manager

Walter Colautti
