Legal Notice

Please be advised that this Notice to Mariners should be treated as official notice of the nature, duration and location of the works which are scheduled to take place. During the period of this notice, we request that you plan your activities around our short-term, temporary activities.

Any failure to remove equipment or entry into the identified location in a manner that would constitute a hazard may be a breach of your duties of safe seamanship as described in the Convention on International Regulations for Preventing Collisions at Sea 1972 and/or the Merchant Shipping Act 1995 and may result in removal of the relevant equipment. Failure to remove equipment or entry into the identified location in a manner that would constitute a hazard may constitute a breach of duty of care at common law, and a failure to protect submarine cables for successful seabed user co-existence under Scotland's National Marine Plan.

SHEPD shall found on this notice in the event of any damage, loss or disruption arising from failure to heed the information herein.

Figure 2 - Vessel Specification

Work Description

During operations the Forth Warrior and support boats will be restricted in their ability to manoeuvre. Whilst operations will seek to minimise disruption on the width of the main navigation channel, some disruption may be unavoidable during operations within the working corridor. During operations, cables to be extracted will be back pulled and laid out in line with the current.

Cable removal operations will be conducted over 12 hours (per day) and are weather/tide dependent. Support operations will be conducted over 12 hours and are weather/tide dependant.

Should any vessel wish to come within 500m of the vessels, then direct communication with the Master / Operator is required. Vessels will display the appropriate lights/day shapes for their operations.

Primary Equipment Cable Removal Activities

Activity	Equipment	Vessel
Cable removal	Winches / vessel crane	Forth Warrior
Support operations	Split pipe / transport of personnel to shore ends	2 x Pioneers
