ED2 Campaign 4 Subsea Inspections

Date of Issue: 5th May 2026

PROJECT OVERVIEW

Please be advised that Socotec Land & Hydrographic Surveys (on behalf of SHEPD) will be undertaking subsea inspections across the West Highland marine areas. Please refer to Figure 1 - Figure 4 that highlights each cable location.

Given the different conditions and water depths anticipated at each site, a range of vessels will be available for the project, detailed overleaf.

The inspection works will be centred on a 50m cable corridor, defined by the start and end coordinates listed in Table 1.

VESSEL DETAILS

The vessel conducting the works will be restricted in its ability to manoeuvre and will display the appropriate lights and shapes.

Other vessels are requested to pass at a safe speed and provide a minimum clearance of 500m (COLREGs Rule 16 & 18) during marine operations.

The vessel will monitor VHF Channel 16 throughout survey operations. Mobile contacts for the vessel are listed at the end of this NtM.

FISHING LIAISON OFFICERS (FLOs)

Fishing liaison for the survey operations will be co-ordinated by Brown and May Marine (BMM). For any commercial fishery queries please contact the Company Fisheries Liaison Officer (CFLO) Meg Kalafat on 07702 710176, meg.kalafat@brownmay.com.

The vessel master will issue regular broadcasts whilst survey works are ongoing to ensure minimal disruption and that vessels maintain an appropriate and safe distance.

DISTRIBUTION LIST

The Distribution List of the Notice to Mariners is as per the stakeholder list in the SHEPD Fisheries Liaison and Management Action Plan (FLMAP).
